# Perfect atmosphere created for every occasion

Welcome to the Duni Retail Collection 2012. We're sure you will find this year's offer of table setting and design concepts to be true to our passion of "designing atmosphere", which has always been our main objective since we founded Duni over 60 years ago.

At Duni, our passion for designing atmosphere applies to protecting the atmosphere, too. Since 2009, Duni has been a FSC (Forest Stewardship Council) Mixed Sources certified company for our tissue products. In addition, most of our tissue napkins and all stearin candles now also meet the strict requirements of the Scandinavian eco label Swan. We are also certified with ISO 9001, for quality management and were awarded an ISO 14001 certificate for environmental friendly management. Duni sites and our suppliers must also comply with the requirements in our Code of Conduct, which defines the basic rights of employees based on ILO conventions. For more information on Duni Environmental and Social Responsibility, please visit [Duni.com](http://Duni.com).

# Duni Star Rating System

After conducting in-depth research, we have found out stars, quantity and colour quickly convey to people the level of quality when browsing shelves. This is why we came up with our Star Rating System. It is an easy and fast guide when you have to make decisions concerning what quality you will need, from simple gatherings to special events.

1 star indicates Basic Selection, often bigger packs and very convenient.

2 stars indicate Medium Selection, with a very good quality for more sophisticated demands.

3 stars indicate Premium Selection, often high quality design articles that satisfy your demand for an impressive ambience.

## Unique Duni Quality

We offer a large range of qualities when it comes to our materials. There is something for every occasion. For indoors, outdoors, formal or large parties. Duni quality is something you can touch and feel.

### MG-Paper

Paper-based tablecovers. An excellent choice for large gatherings. Economical, practical and convenient in many dyed-through colours.

### Tissue

Made of a mixture of new and recycled fibres. Bleached chlorine free. Only colours that comply with the Food Contact Law are used. In 1-ply, 2-ply and 3-ply.

### Duni Elegance Lily®

All the benefits of linen napkins without the drawbacks: a revolutionary material with elegant embossing just like fabric and a beautiful linen shimmer.

### Dunilin®

All the positive aspects of napkins. On the outside, they're extremely decorative. Wonderfully fleecy on the inside and a real pleasure to fold.

### Dunicel®

A unique tissue-based material. The weight makes it ideal for table covering since it folds nicely. In various formats. Very linen-like.

### Dunisilk®+

Our Dunisilk®+ material is water-resistant and can be wiped clean. It offers a great value for your money since the tablecloths can be used again and again.

# Make the most of every occasion

This year, we've decided to group our products in the most natural way possible: by occasions. So here they are! There's Everyday, Get Together, Celebration, Summer BBQ, Theme and Kids. All of these products offer a wide variety of designs and uni colours, so you can mix and match them however you like. We think you'll agree: you'll find exactly and quickly what you need.

*"My inspiration for the new designs and colours of this years' assortment I derived from interior magazines, fairs I visited all over the world, Internet studies and lots of traveling to different cities.*

*Two trends that are obvious for the year 2012 are the distinctive habitat and the well-being habitat. The distinctive habitat emphasises the individuality and the need for uniqueness of every personality. Mix and match our existing uni colours with designs that match your personality. For example Marla and Azur.*

*The well-being habitat is the quest and demand of global well-being combining the body and the mind. Here nature is a great source of inspiration. We find tone in tone designs, tactility and textures, simple line drawings and prints that are geometric, chic, simple and of course patterns from nature. Find great designs such as Checks Rosarien and Checks Blue.*

*Also our colour splash emphasises individuality. Colours represent the beach lifestyle of cities like L.A., Miami or San Francisco. They are very fresh such as pink, orange, red, green and blue. On a natural background they are not complex and not overloaded. Products such as Summer and Bella are the perfect colour splash.*

*For the romantic individual the light-hearted feeling of the 50s and 60s will be a joy. A retro spirit with a mix of recycled, customised, do-it-yourself style. It is lovingly combined with dots, checks, stylised animals, stamped looks and little flowers. Get inspired by designs such as Mille Fleur!"*

# Tablecovers

[Duni.com](http://Duni.com)

*When it comes to getting an occasion right, we've got it covered! Regardless of the event – indoor or outdoor, formal or informal – Duni has a perfect tablecover solution. Designing atmosphere starts with our tablecovers – and you can be sure everything will match perfectly with other Duni products. Our 3-in-1 is multitasking: the tablecovers can be tablerunners, placemats or tête-à-têtes!*

**Most of the products in this range are FSC-certified**

The FSC is an independent, non-governmental, not for profit organisation established to promote the responsible management of the world's forests. FSC-certified forests are managed in a way that meets the social, economic and ecological needs of present and future generations.

## 1| Dunicel®

Dunicel® is a unique tissue-based material. Because of its heavy weight, the material is ideal for table covering. Dunicel® comes as a slipcover, table-cover, tablerunner and placemat and in decorative prints. The linen-like material can be nicely draped.

**Pages 78–84**

## 2| Dunisilk®+

The Dunisilk®+ tablecloths are made of a unique and thick material, allowing textile-like draping. Dunisilk®+ tablecovers are water-resistant and can be wiped clean: offering excellent value for money since they can be used again and again. Also a perfect outdoor solution.

**Pages 80–81**

## 3| MG-Paper

Duni paper-based tablecovers are a great choice for large gatherings when practicality, convenience and economy play the main role. They come in many dyed through colours.

**Pages 84–85**

### Duni Candle School

Candles create an outstanding atmosphere, but they also demand respect. Have a look at the symbols to learn the basics on how to “handle a candle”. A few pointers:

Do not place candles in a draught.

Never leave burning candles unattended.

Distance between burning candles should be 10 cm.

Keep your candles well out of reach of children and pets.

# Retail 2012

# Perfect atmosphere created for every occasion

Welcome to the Duni Retail Collection 2012. We're sure you will find this year's offer of table setting and design concepts to be true to our passion of "designing atmosphere", which has always been our main objective since we founded Duni over 60 years ago.

At Duni, our passion for designing atmosphere applies to protecting the atmosphere, too. Since 2009, Duni has been a FSC (Forest Stewardship Council) Mixed Sources certified company for our tissue products. In addition, most of our tissue napkins and all stearin candles now also meet the strict requirements of the Scandinavian eco label Swan. We are also certified with ISO 9001, for quality management and were awarded an ISO 14001 certificate for environmental friendly management. Duni sites and our suppliers must also comply with the requirements in our Code of Conduct, which defines the basic rights of employees based on ILO conventions. For more information on Duni Environmental and Social Responsibility, please visit [Duni.com](http://Duni.com).

# Duni Star Rating System

After conducting in-depth research, we have found out stars, quantity and colour quickly convey to people the level of quality when browsing shelves. This is why we came up with our Star Rating System. It is an easy and fast guide when you have to make decisions concerning what quality you will need, from simple gatherings to special events.

1 star indicates Basic Selection, often bigger packs and very convenient.

2 stars indicate Medium Selection, with a very good quality for more sophisticated demands.

3 stars indicate Premium Selection, often high quality design articles that satisfy your demand for an impressive ambience.

## Unique Duni Quality

We offer a large range of qualities when it comes to our materials. There is something for every occasion. For indoors, outdoors, formal or large parties. Duni quality is something you can touch and feel.

### MG-Paper

Paper-based tablecovers. An excellent choice for large gatherings. Economical, practical and convenient in many dyed-through colours.

### Tissue

Made of a mixture of new and recycled fibres. Bleached chlorine free. Only colours that comply with the Food Contact Law are used. In 1-ply, 2-ply and 3-ply.

### Duni Elegance Lily®

All the benefits of linen napkins without the drawbacks: a revolutionary material with elegant embossing just like fabric and a beautiful linen shimmer.

### Dunilin®

All the positive aspects of napkins. On the outside, they're extremely decorative. Wonderfully fleecy on the inside and a real pleasure to fold.

### Dunicel®

A unique tissue-based material. The weight makes it ideal for table covering since it folds nicely. In various formats. Very linen-like.

### Dunisilk®+

Our Dunisilk®+ material is water-resistant and can be wiped clean. It offers a great value for your money since the tablecloths can be used again and again.

# Make the most of every occasion

This year, we've decided to group our products in the most natural way possible: by occasions. So here they are! There's Everyday, Get Together, Celebration, Summer BBQ, Theme and Kids. All of these products offer a wide variety of designs and uni colours, so you can mix and match them however you like. We think you'll agree: you'll find exactly and quickly what you need.

*"My inspiration for the new designs and colours of this years' assortment I derived from interior magazines, fairs I visited all over the world, Internet studies and lots of traveling to different cities.*

*Two trends that are obvious for the year 2012 are the distinctive habitat and the well-being habitat. The distinctive habitat emphasises the individuality and the need for uniqueness of every personality. Mix and match our existing uni colours with designs that match your personality. For example Marla and Azur.*

*The well-being habitat is the quest and demand of global well-being combining the body and the mind. Here nature is a great source of inspiration. We find tone in tone designs, tactility and textures, simple line drawings and prints that are geometric, chic, simple and of course patterns from nature. Find great designs such as Checks Rosarien and Checks Blue.*

*Also our colour splash emphasises individuality. Colours represent the beach lifestyle of cities like L.A., Miami or San Francisco. They are very fresh such as pink, orange, red, green and blue. On a natural background they are not complex and not overloaded. Products such as Summer and Bella are the perfect colour splash.*

*For the romantic individual the light-hearted feeling of the 50s and 60s will be a joy. A retro spirit with a mix of recycled, customised, do-it-yourself style. It is lovingly combined with dots, checks, stylised animals, stamped looks and little flowers. Get inspired by designs such as Mille Fleur!"*

## Everyday

## Celebration

The name says it all. A wedding. A special birthday. A graduation. A new position. When there's "something to celebrate."

Set the table in ultimate style with our Duni Elegance Lily® Napkins.

## Summer BBQ

The sun is shining and the birds are singing! Get outside and do it in style! Bring the summer feeling to your table and make the most of it!

# Tablecovers

[Duni.com](http://Duni.com)

*When it comes to getting an occasion right, we've got it covered! Regardless of the event – indoor or outdoor, formal or informal – Duni has a perfect tablecover solution. Designing atmosphere starts with our tablecovers – and you can be sure everything will match perfectly with other Duni products. Our 3-in-1 is multitasking: the tablecovers can be tablerunners, placemats or tête-à-têtes!*

**Most of the products in this range are FSC-certified**

The FSC is an independent, non-governmental, not for profit organisation established to promote the responsible management of the world's forests. FSC-certified forests are managed in a way that meets the social, economic and ecological needs of present and future generations.

## 1| Dunicel®

Dunicel® is a unique tissue-based material. Because of its heavy weight, the material is ideal for table covering. Dunicel® comes as a slipcover, table-cover, tablerunner and placemat and in decorative prints. The linen-like material can be nicely draped.

**Pages 78–84**

## 2| Dunisilk®+

The Dunisilk®+ tablecloths are made of a unique and thick material, allowing textile-like draping. Dunisilk®+ tablecovers are water-resistant and can be wiped clean: offering excellent value for money since they can be used again and again. Also a perfect outdoor solution.

**Pages 80–81**

## 3| MG-Paper

Duni paper-based tablecovers are a great choice for large gatherings when practicality, convenience and economy play the main role. They come in many dyed through colours.

**Pages 84–85**

### Duni Candle School

Candles create an outstanding atmosphere, but they also demand respect. Have a look at the symbols to learn the basics on how to “handle a candle”. A few pointers:

Do not place  
candles in  
a draught.

Never leave  
burning candles  
unattended.

Distance between  
burning candles  
should be 10 cm.

Keep your candles  
well out of reach of  
children and pets.
